## Transfer Report

### Status of Fall 2009 Delgado students who transferred as of Spring of 2012

#### Summary

According to data received from the National Student Clearinghouse, 3,169 Delgado students that were enrolled in Fall 2009, transferred to another institution by Spring 2012.

Of the transfers, 304 students (9.5%) have graduated at the transfer institution by Spring 2012. Seventy percent transfers who received a degree were female, 30% male. African Americans made up 21%, Hispanics 11%, Asians 7% and White students made up 52%. Full-Time students made up 41%, Part-Time 59%. Of the degrees earned at transfer institution, Associate degree made up 21%, Baccalaureate 60%, Master or higher degree made up 8%.

Of the transfers, 440 students (13.9%) had graduated at Delgado Community College before transferring.

#### Report Limitation

This data is furnished to us by the National Student Clearinghouse(NSC). From the NSC report, eighty-four percent of students were found and reported, the remained sixteen percent reported either no response, or were blocked by school or blocked by student. NSC can not provide attendance and completion data for colleges that do not report these data to the Clearinghouse. Colleges in Louisiana that do not report attendance and completion data to the Clearinghouse include: Capital Area Tech College-Baton Rouge, Southern University at New Orleans, SOWELA Technical Community College, Nunez Community College, and Career Technical College.

## Transfer Report

### Results

Overall 19% of students attending DCC in Fall 2009 transferred by Spring 2012, of which ten percent graduated from their transfer institution.

Most transfer students transferred to UNO (25%), followed by Southeastern Louisiana University (10%), and then LSU 6%.  
Note: SUNO is not represented.

Transfers to Our Lady of The Lake College had the highest graduation rate (47%) of all the transfer institutions in LA, 29 Associate degree were earned in Nursing. LSU was second with 23% graduation rate, and Tulane was third with 11%.

Of the 40 programs with transfers of more than 10 students, 12 programs had a greater than ten percent graduation rate, 28 had less than ten percent. Respiratory Care Technology had the highest graduation rate of 32%.

### Recommendation

Of the 19 programs with 4% or less in graduation rate standing, 7 had ten or more transfer students. These programs, particularly those whose transfers were primarily sophomores or above, may want to review program content from the standpoint of what students in those programs need to be successful at a 4 year institution.

It should be noted that not all programs are designed for transfer. Nor can we be sure that the students continued their same major at the transfer institution.
