

Unit Assessment Plan: Unit Types

Educational Programs, Administrative Support, Educational Support, or Workforce Development:

- **Educational Programs** – academic programs
- **Administrative Support Units** – units primarily responsible for administrative functions which support the environment for student learning (i.e. finance, facilities, administrative offices/services, institutional advancement, academic divisions)
- **Educational Support Units** – units primarily responsible for providing direct educational support either to academic programs or students (learning resources, library, financial assistance, student life, student affairs, advising and testing, etc.)
- **Workforce Development (Community Outreach) Units** – units primarily responsible for providing non-traditional educational opportunities to external constituents to meet community needs (i.e. continuing education, workforce development)
