

ADVANCED PLACEMENT

Advanced Placement refers to a college testing result that, once established criteria are met, allows first-semester freshmen, transfer students who have not attempted the next course in sequence at the former institution, and high school students enrolled in Dual Enrollment programs to receive college credits in certain English and mathematics courses without actually completing those courses. Such credit is contingent upon the submission of American College Testing (ACT) scores that (a) meet the College's criteria and (b) are no more than three years old. The student's highest relevant ACT scores will be considered.

Additionally, first-time freshman students are automatically considered for Advanced Placement credit if they enroll in the advanced course before the completion of thirty academic credits at Delgado. Transfer students who have not attempted the next course in sequence at the former institution must request Advanced Placement credit before the completion of thirty academic credits at Delgado. Dual Enrollment students must request Advanced Placement credit within the semester of enrollment in the higher level course.

The general policies concerning credit from non-traditional sources are applicable.

Criteria for Advanced Placement:

English

1. A student who has an ACT score in English of 25 or higher may receive Advanced Placement credit in ENGL 101 if he/she completes ENGL 102 with a grade of "C" or higher.

COLLEGE BOARD ADVANCED PLACEMENT CREDIT

Delgado Community College may grant non-traditional credit for College Board Advanced Placement Examinations, which are taken prior to the student's high school graduation.

The first-semester student who has taken a College Board AP Credit exam must have scored at least 3 to receive appropriate course credit. AP credit is subject to review by the Division Dean or representative of the course and approval by the Director of Advising and Testing. A student may not receive credit toward a degree solely on the basis of an Advanced Placement test score. The student must request that an original transcript from the College Board be sent to the Office of Advising and Testing for evaluation. College Board AP Credit scores are valid for three years from the original test date.

When AP credit is considered for placement purposes, the placement decision is made by the Department Head.
