Delgado Community College Chancellor's Safety Statement

- I. Policy – It is the policy of Delgado Community College to provide a safe work environment for its employees to protect them from accidents that not only directly impact their quality of life, but also has the added benefit of reducing the College's insurance costs. This dual benefit ensures the safety and health of Delgado Community College employees and the protection of the taxpayer's hard-earned dollars by keeping insurance costs down.
Therefore, each employee of Delgado Community College is instructed to devote daily attention to making his or her activities and operations as safe and accident-free as possible by complying with this policy and the Delgado Community College safety and risk prevention program.
- II. Purpose – The purpose of this policy is to authorize the implementation of a safety program for all employees that will:
 - a. Promote a safe, productive work environment for all employees, and prevent injuries that are painful and potentially disabling.
 - b. Since this policy and program have cost savings potential to both this Department and the taxpayers of this state, this policy shall apply to all employees and all sections/units of Delgado Community College.
- III. Questions – All questions concerning this policy should be directed to the Safety and Risk Manager.
