INFORMATION SYSTEMS COUNCIL (ISC)

Function of the Information Systems Council

The Information Systems Council (ISC) provides the direction for information technology support in all areas of the College including administrative computing, academic computing, instructional technology, networking and communications, and technological infrastructure. The Information Systems Council:

- 1. Biennially evaluates and makes recommendations for college-wide policies and procedures for the allocation and use of information technology resources that are consistent with the purpose and goals of the College;
- 2. Develops an institution-wide strategic plan for reviewing and coordinating college-wide information technology related to needs and services; and
- 3. Recommends and reviews an ongoing plan for information technology resources and for reviewing technology resources/network access and security.
