The Division of Business of Xavier University of Louisiana (Xavier) and the Business and Technology Division of Delgado Community College (Delgado) have signed an agreement that establishes a Delgado 2 Xavier in Business program. This program allows students that complete the courses prescribed in Delgado's Business Administration Associate Degree to transfer and leads to a Bachelor of Science Degree from the College of Arts and Sciences at Xavier.

Delgado 2 Xavier Agreement

Program

Delgado Community College (Delgado) students with an associate degree in Business Administration will be admitted as juniors in the Division of Business at Xavier University of Louisiana (Xavier) provided they meet Xavier's admission requirements. Course requirements for Delgado's associate degree in Business Administration are described in page two of this document.

The total number of credit hours required to complete a bachelor's degree from Xavier is 128 semester hours. The number of business degree relevant hours students can transfer from Delgado depends on the Xavier degree the student wishes to pursue and the math courses taken at Delgado. For Accounting a student completing the 60 hour degree requirement at Delgado can transfer 57 hours to Xavier and 49 of those hours will count towards a business degree. In Business Administration for all concentrations students can transfer 60 hours to Xavier and 52 of those hours will count towards a business degree. The additional 8 hours is due to the math requirement and 9 hours will transfer as free electives while Xavier's business degree programs require 4 hours Delgado students will follow the requirements in the Xavier Catalog in force at the time they enter Delgado provided it is not over 10 years old and provided there was no break in enrollment of over 5 years.

In order to graduate from Xavier, students must complete at least 50% of business courses at Xavier and achieve prescribed grades in major courses, per the Xavier Catalog.
