Delgado Community College has established minimum and maximum course loads for full-time students during the fall or spring semester, summer session, and intersession periods. These course loads are based on the type of semester (fall or spring semester, summer session, or intersession) and each student’s academic standing.

Generally, full-time students are not permitted to be enrolled in courses beyond the number of credits that constitutes a maximum student course load for a semester, a summer session, or an intersession without prior approval—by the dean of the division housing the student’s program (or designee). The procedures for overriding the student course load maximum are specifically outlined in this memorandum.

PROCEDURES & SPECIFIC INFORMATION

1. Purpose

To publish the number of credits constituting a full-time load as well as the maximum number of credits that a student may attempt during a regular semester (fall and spring), summer session, and intersession.

2. Scope and Applicability

This policy and procedures memorandum applies to all students enrolled in credit courses at Delgado Community College.
3. **Student Course Loads**

   A. **Full-time Students in Good Academic Standing**

   The *minimum* course load for a full-time student during a fall semester or spring semester is twelve (12) credits. Minimum full-time status *for academic purposes* during a summer session is six (6) credits; however full-time status *for financial aid calculation* is twelve (12) credits. A student in good academic standing has an overall grade point average (GPA) of 2.0 or greater. A request to enroll in more than the maximum number of credits must be approved in writing by means of a [Student Course Load Override Form](#), Form 1440/001 (Attachment A), signed by the appropriate college officials as outlined in Section 3, *Student Course Loads*. This form must be submitted to the Registrar's Office for processing.
