Program Revision: Certificate of Technical Studies (CTS): Real Estate Professional

Delete: “Choose three of the following four courses” heading

Delete: RLST 180: Property Management

Delete: RLST 263: Principles of Residential Real Estate Appraisal

Add: RLST 267: Careers and Practice in Real Estate

Program hours remain the same.

e) **School of Science, Technology, Engineering, and Mathematics/CNCY**

Program Revision: Associate of Applied Science (AAS): Computer Networking and Cyber Security

Delete: CITS 100 Introduction to Computer Applications 3 OR from Required Courses in Major (CITS 101: Computer and Internet Literacy will be the only option.)

Program hours remain the same.

f) **School of Health Sciences—Allied Health/OCTA**

Program Revision: Associate of Applied Science (AAS): Occupational Therapy Assistant
Revise program accreditation information to the following: Accreditation Council of Occupational Therapy Education (ACOTE), 7501 Wisconsin Ave., Suite 510E, Bethesda, Maryland 20814; (301) 652-6611; www.acoteonline.org.

g) **School of Health Sciences—Allied Health/PHAR**

Program Revision: Career and Technical Certificate (CTC): Pharmacy Technician: Entry Level Pharmacy Technician

Terminate: Career and Technical Certificate (CTC): Pharmacy Technician: Entry Level Pharmacy Technician

h) **School of Health Sciences—Allied Health/PHAR**

Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician: Advanced Level Pharmacy Technician:

Change of program name to: Certificate of Technical Studies (CTS): Pharmacy Technician

i) **School of Health Sciences—Allied Health/PHAR**
Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician
Revise Catalog Program Description (see attachment)

j) **School of Health Sciences—Allied Health/PHAR**
Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician
Revise Student Learning Outcomes (see attachment)

k) **School of Health Sciences—Allied Health/PHAR**
Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician:
Add the following prerequisite courses to program entry:
HESC 111: Medical Terminology 3
HESC 116: Dosage Calculations 3

l) **School of Health Sciences—Allied Health/PHAR**
Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician:
Add: PHAR 110: Sterile Products to Required Courses in Major

m) **School of Health Sciences—Allied Health/PHAR**
Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician:
Add: PHAR 112: Sterile Products Laboratory to Required Courses in Major

n) **School of Health Sciences—Allied Health/PHAR**
Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician:
Delete: PHAR 117: Pharmacy Math II from Required Courses in Major

o) **School of Health Sciences—Allied Health/PHAR**
New Course: PHAR 124: Non-Sterile Compounding 1/2/2

Course Description: Foundational knowledge and skills for a pharmacy technician preparing non-sterile compounds.

Course Goal: The goal of this course is to provide the student with knowledge and skills needed to prepare non-sterile compounds.

p) **School of Health Sciences—Allied Health/PHAR**

Program Revision: Certificate of Technical Studies (CTS): Pharmacy Technician:
Advanced Level Pharmacy Technician:

Add: PHAR 124: Non-Sterile Compounding to Required Courses in Major

Program hours change from 27 to 33 (including changes above and below)

q) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 101: Introduction to Pharmacy: Change of course hours from
2/2/3 to 3/0/3

r) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 102: Pharmacy Practice: Change of course name to Community
Pharmacy Practice

s) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 102: Pharmacy Practice: Change of course description:

New Description: Community Pharmacy Operations. This course introduces students to
the operations, roles, and responsibilities of pharmacy technicians in the community
(retail) pharmacy setting.

Current Description: Equips individuals with knowledge and practical skills in pharmacy
practice.

t) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 106: Pharmacy Practice Laboratory: Change of course name to
Community Pharmacy Practice Laboratory

u) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 106: Pharmacy Practice Laboratory: Change of course hours
from 0/4/1 to 0/2/1

v) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 106: Pharmacy Practice Laboratory: Change of course
description:

Description New: Simulated Community (retail) Pharmacy Practice. Designed to
complement and reinforce content introduced in PHAR 102: Community Pharmacy
Practice. Gives students hands-on experience to develop and equip them with the
knowledge and practical skills in Community pharmacy practice.

reinforce content introduced in PHAR 102: Pharmacy Practice. Provides students with

hands-on experience to develop and equip them with the knowledge and practical skills in pharmacy practice. Emphasis will be placed on the skills required of an entry-level pharmacy technician.

w) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 104: Pharmacology for the Pharmacy Technician: Change of course name to Pharmacology for the Pharmacy Technician I

x) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 104: Pharmacology for the Pharmacy Technician: Change of course hours from 2/0/2 to 3/0/3

y) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 104: Pharmacology for the Pharmacy Technician: Change of course description:

New Description: Pharmacology Part I: Principles of pharmacology. This course provides an overview of anatomy and physiology and drugs used in treating conditions of the body systems.

Current Description: Drugs used in treating multisystem conditions and disorders.

z) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 109: Body Systems, Diseases, and Drugs: Change of course name to Pharmacology for the Pharmacy Technician II

aa) **School of Health Sciences: Allied Health/PHAR**

Course Revision: PHAR 109: Body Systems, Diseases, and Drugs: Change of course hours from 4/0/4 to 3/0/3.

bb) **School of Health Sciences: Allied Health/PHAR**

Course Revision: PHAR 109: Body Systems, Diseases, and Drugs: Change course description:

New Description: Pharmacology Part 2: Continuation of principles in pharmacology. This course examines drugs used in treating specific and multisystem conditions.

Current Description: Drugs used in treating conditions of the body systems. Overview of anatomy and physiology, common diseases and disorders, and medications used in the treatment of diseases and disorders. Course includes principles of pharmacology.

cc) **School of Health Sciences: Allied Health/PHAR**

Course Revision: PHAR 109: Body Systems, Diseases, and Drugs: Change of prerequisite: Add PHAR 104: Pharmacology for the Pharmacy Technician I (new name)

dd) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 110: Sterile Products: Change of course name to: Sterile Compounding

ee) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 110: Sterile Products: Change of course hours from 2/0/2 to 3/0/3

ff) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 110: Sterile Products: Change of course description:

New Description: Sterile Compounding and Aseptic Technique. This course provides theory and foundational knowledge for preparing compounded sterile preparations are introduced.

Current Description: Provides an introduction to aseptic techniques and admixture preparation.

gg) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 112: Sterile Products Laboratory: Change of course name to: Sterile Compounding Laboratory

hh) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 112: Sterile Products Laboratory: Change of course description:

New Description: Simulated Sterile Compounding and Aseptic Technique. This course provides hands-on training for aseptic techniques and admixture preparation.

Current Description: Simulated sterile product preparation. Provides hands-on training for aseptic techniques and admixture procedures.

ii) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 116: Pharmacy Math I: Change of course name to: Pharmacy Math

jj) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 116: Pharmacy Math I: Change of course description:

New Description: Pharmacy Math. Calculations specific to the operations of pharmacy are introduced.

Current Description: An introduction to basic math skills necessary for dosage calculations. Topics include pharmacy business math: turnover, par levels, profit and loss, discounts, handling money, overhead, and extemporaneous computations and costing.

kk) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 122: Advanced Pharmacy Practice: Change of course name to: Institutional Pharmacy Practice

ll) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 122: Advanced Pharmacy Practice: Change of course hours from 4/0/4 to 2/0/2.

mm) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 122: Advanced Pharmacy Practice: Change of course description:

New Description: Institutional (Hospital) Pharmacy Practice: This course is designed to develop and equip pharmacy technician students with knowledge and practical skills required in an institutional (Hospital) setting.

Current Description: Equips individuals with knowledge and practical skills for an Advanced-Level Pharmacy Technician.

nn) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 123: Advanced Pharmacy Practice Laboratory: Change of course name to: Institutional Pharmacy Practice Laboratory

oo) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 123: Advanced Pharmacy Practice Laboratory: Change of course hours from 0/4/1 to 0/2/1

pp) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 123: Advanced Pharmacy Practice Laboratory: Change of course description:

New Description: Simulation of techniques and skills required for working in an Institutional (Hospital) Pharmacy.

Current Description: Simulation of techniques and skills required of an advanced-level pharmacy technician

qq) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 151: Clinical Practice I: Change of course hours from 0/11/2 to 0/5/1.

rr) **School of Health-Sciences—Allied Health/PHAR**

Course Revision: PHAR 151: Clinical Practice I: Change of course description:

New Description: Experiential training in a Community (Retail) Dispensing Pharmacy under the supervision of a registered pharmacist. Emphasis is placed on effective communication, understanding pharmacy operations, and dispensing medications.

Current Description: Experiential entry-level training in an institutional, community, home care, long-term care, or specialty pharmacy setting under the supervision of a registered pharmacist. Emphasis is placed on effective communication, understanding pharmacy operations, and dispensing of medications.

ss) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 152: Pharmacy Clinical Practice II: Change of course hours from 0/8/2 to 0/5/1

tt) **School of Health Sciences—Allied Health/PHAR**

Course Revision: PHAR 152: Pharmacy Clinical Practice II: Change of course description:

New Description: Experiential training in a secondary pharmacy setting under the supervision of a registered pharmacist. Emphasis is placed on effective communication, understanding pharmacy operations, and dispensing medications.

Current Description: Experiential advanced-level training in an institutional, home care, long-term care, or specialty setting under the supervision of a registered pharmacist. Emphasis is placed on effective communication, understanding pharmacy operations, and dispensing of medications.
